Physical Literacy – It Happens Here.

Phys-i-cal Lit-er-a-cy *noun* :

Physical literacy is the motivation, confidence, physical competence, knowledge and understanding to value and take responsibility for engagement in physical activities for life.

Just like when learning to read, we start with syllables, not novels. Physical Literacy starts with fundamental movements like jumping, throwing, catching, hitting and swimming. These skills are taught in a fun and engaging way to encourage enjoyment of physical activity.

At the CGC, we believe that actually enjoying physical activity is an important motivator when it comes to developing lifelong healthy habits. With this in mind, we strive to help young Nova Scotians experience this enjoyment and become physically literate through our programming. To ensure our programs are both accessible and of the highest quality, we're involved in the following initiatives:

Sport for Life (S4L) is a national movement to improve the quality of sport and physical activity in Canada. A key feature of S4L is Long-Term Development (LTD), a developmental pathway not only providing optimal training and support to our athletes, but also increasing Physical Literacy for all Canadians, young to young at heart.

Active for Life is an online resource where parents can find fun ways of making sure their children get the recommended daily amount of physical activity.

HIGH FIVE is a quality assurance standard for children's recreation and sport across Canada. This standard ensures children ages 6-12 receive quality programming aligned with healthy child development of mind, body and fun! We are a HIGH FIVE Registered Organization and train our instructors to deliver the HIGH FIVE standard.

Sport for Life

To support Physical Literacy within our community, we continue to adapt more programs to the Sport For Life (S4L) model.

For a healthy body, it is essential that we balance stretching and strengthening. If we don't, repetitive movements combined with a lack of strength can result in overloading the joints and create injury or hinder healing. Incorporating free weights into a yoga practice can help build strength & balance in certain stabilizing muscles, which are difficult to target alone. Resistance bands and light dumbbells will be used for a fun yoga class with strength-training woven in throughout. Warm up and move through a combination yoga postures using weights and strength building motions. Great for those with a lot, little or no experience! Senior friendly and modifications offered.

Yin Yoga is a slow paced, soothing, and meditative style of yoga mainly practiced on the floor. It offers a much deeper access to the body compared to other 'yang' or active practices and it consists of a series of passive poses held for longer period of times. Yin can be challenging despite being a slower paced practice. The ability to care for your body and sit in the discomfort takes practice. At a physical level it targets the deeper connective tissues of the body, such as the fascia, ligaments, joints, bones improving flexibility and the joint mobility, increasing the blood and lymphatic circulations, releasing tension, greater stamina amongst others. It is a great way to compliment your regular exercise and increase your overall wellbeing.

AQUATICS REGISTRATION INFORMATION

To register for swim lessons, first, determine the appropriate swim level. If unsure, refer to the program descriptions, including age and prerequisites, and lessons chart in this guide. If you are still unsure, please contact our Aquatics Program Team at aquadmin@canadagamescentre.ca

Next, refer to the days, times and sections of a particular class or level ([see charts on pages 23-24](#)). Use the hyperlink for each individual class to take you to the registration system if you hadn't logged in there already. Find your swim lesson and proceed with registration. **Only register your child in one (1) swim lesson per term. Participants registered in more than 1 swim lesson per term will be contacted and extra registrations will be cancelled.** This will ensure proper development of their skills appropriate to their abilities before moving to the next level. If a section time is full when you attempt to register, please check back again to see if anything becomes available. We do not offer waitlists, unless specifically mentioned.

Due to a commitment to quality and safety, we are unable to accommodate extra swimmers once a section is filled. Please refer to registration instructions on [page 3](#) for online or in-person registration. Registration is ongoing up to and including Week 2 of the program. We are unable to make changes or process new registrations after this time. CGC Swim For Life levels and Canadian Lifesaving Swim Patrol (Swimmers 7, 8 & 9) are HST exempt. ■ PARENT & TOT PROGRAMS

Ages 4 months – 3.5 years and one parent/guardian
35 minutes each

Members \$83.36, Non-Members \$111.20

Location: Leisure Pool

Based on the principle “within arms’ reach”, our Parent & Tot levels focus on close, playful interaction, and shared fun between child, caregiver, and water. Activities and progressions are based on child development. Parents are to register their child in the appropriate level for their age. Through safety tips provided, caregivers learn what it takes to make Water Smart® choices. Children must meet minimum age requirements by the start date of the program.

See chart on page 23 for swim lesson days and times. **PLEASE NOTE: Online registration codes are now listed in the swim chart.**

PARENT & TOT 1 | 4-12 months

Splash, splash, laugh - babies just love to play in water. Parents with 4-12 month old babies will explore the water together under the watchful eyes of their instructor. They’ll learn how to safely enter and exit the water together. Parents will also learn how to safely support their child while they discover the water.

PARENT & TOT 2 | 12-24 months

Water play – get set, get wet! Instructor-led sessions help parents with 12-24 month old children safely explore water together. Parents are taught how to support their child while floating and kicking. They can celebrate together when they can get their face wet and blow bubbles for the first time.

PARENT & TOT 3 | 2-3.5 years

Just watch them grow! At 2-3.5 years these almost independent toddlers are really ready to explore: getting in, getting out, going under and floating while under the watchful eyes of their parents and instructor.

■ PRESCHOOL PROGRAMS

35 minutes each

Members \$83.36, Non-Members \$111.20

The Swim for Life Preschool Program gives children an active start on learning how to swim. These 3-5 year old preschoolers learn how to be comfortable in the water and have fun. They develop a foundation of water skills and a healthy respect for the water before getting in too deep. Water Smart® education is taught in all Preschool levels. Children must meet minimum age requirements by the start date of program.

PRESCHOOL 2

These youngsters will explore the water while learning to submerge and exhale underwater. Buoyant aids are used to help them discover rollovers, glides, and flutter kicks.

See chart on page 23 for swim lesson days and times. **PLEASE NOTE:** Online registration codes are now listed in the swim chart.

PRESCHOOL 3

These preschoolers will master their floats, glides, and short swims (2-3m) on their front and back. They'll be able to pick up objects from waist deep water and use their lifejackets to jump and roll into the deep end.

PRESCHOOL 4

These capable preschoolers will strengthen their flutter kicks and be introduced to front crawl. They'll start to learn how to support themselves in deep water and by the end perform jumps and side rolls on their own. Their lifejacket will support them while they learn to tread water and swim to safety in deep water.

PRESCHOOL 5

These skilled and independent youngsters will master short distances front crawl and back crawl. They are ready to take on a forward roll entry into deep water wearing a lifejacket and treading water for 10 seconds. Here they will get their first chance to try whip kick and fitness training.
