How do they work?

- **Summer program users will need a new card that looks like this - you will receive the new card on the start date of your program at the gates.**

- Scan your Program Access Card to go through the gates. Access is available up to 30 minutes before and during your registered program.

Scan your card and wait for gates to open before entering one at a time. Simply proceed through the gates to exit.

■ SUMMER CAMP REGISTRATION INFORMATION

Age Requirements: Our camp program is for children ages 5.5-12 years old. Each camp is planned specifically for its corresponding age group. Children must be the specified age for a given camp before the start of the camp week.

**Children must have turned 5 by
December 31, 2024 to attend camp.**

Camp Forms: Parents/Guardians must complete and submit all camp forms (transportation, medical, permission) prior to their child attending camp. These forms will be sent via email prior to the camp start date. Please be sure to include any special medical, dietary, cultural, and/or personal needs your child may have to help us establish a safe and comfortable environment for all.

CANCELLATIONS AND REFUND POLICY

- Cancellations requested 14 days or more prior to the first day of camp qualify for a partial refund. The refund will be processed for the full amount of the fee paid, minus an administrative charge of 10%.
- Cancellations requested less than 14 days prior to the first day of camp do not qualify for a refund.

■ DAILY CAMP ROUTINE

All summer camps share a similar daily routine which includes swimming, Field House time, outdoor active time, arts & crafts, and activities. We also have two snack times and a lunch break. Camp themes will be integrated into these activities throughout the week.

8:30am-9:00am - Morning Drop-Off: All campers must be accompanied into the Centre and signed into camp daily by a parent/guardian. Campers will spend this time doing supervised non-structured free-play and games. Each camp will have a designated area for drop-off each morning between 8:30am-9:00am. Please do your best to ensure campers are dropped off on time for camp. Should a camper arrive outside of the scheduled drop-off time, you may be delayed while we locate your child's camp and have them signed in appropriately.

Throughout the Day: Each camp has many structured activities built into the daily schedule. Activities align with the theme of the camp and are physically active and engaging. Children will also go outside (weather permitting) and participate in activities in the areas surrounding the Centre.

Swimming

All camps will swim once per day regardless of the weekly theme. Please note that the diving boards and water slides are not typically available during camp swim times.

A swim test will be offered each Monday for campers in the 7-9 and 10–12-year-old camps. It will be led by qualified lifeguards to determine if campers require a swim belt during their leisure swim times. If it is determined that your child requires a swim belt, they will not be allowed to enter the water without one. All campers in the 5.5-6-year old camps will be expected to wear swim belts.

Swim Test: Swim one length/width of the competition pool (20 metres) then tread water for 1 minute. If the child cannot complete both tasks confidently without stopping, they must wear a swim belt in both pools. Children will only have to successfully complete a swim test once.

Even though your child may have previously participated in swim lessons, they may still have to wear a swim belt during summer camps. This is because our aquatics staff feels that without direct and personal supervision (such as in a swim class) they may not be strong enough to keep themselves above water for the duration of their swim time. This is not to discourage children and their abilities, but to ensure proper safety as we will not be the only group in the pool. If a participant chooses not to attempt the swim test, then they will be required to wear a swim belt.

Lunches/Snacks: Parents/Guardians are responsible for packing nutritious snacks and lunches. Our camps are very active, so please ensure that you pack enough food to keep your child's energy up throughout the day. This includes one lunch, and two snacks - one snack in the morning, as well as one snack in the afternoon. Participants will not have access to a refrigerator or a microwave. Please use insulated bags and ice packs as necessary. We will not provide food to campers.

All lunches and snacks must be nut-free. If you send your child with a soy-butter product (such as Wow Butter), please label it appropriately.

We are not able to escort your child to Subway at lunch. Please plan accordingly. Campers will not have access to vending machines while in our care.

4:15pm-5:00pm - Afternoon Pick-Up: Camps will be ready for pick up beginning at 4:15pm to help facilitate a quick pick-up for all families. Like morning drop-off, children will spend this time doing supervised non-structured free-play and games. All campers must be picked up no later than 5:00pm. A late fee will be charged for any participants not picked up by that time. **Photo Identification will be required when picking up children from camp. Only the individuals listed on the Transportation Form will be permitted to sign your child out at the end of each camp day.** Please let us know if you would like to update this list by notifying us by email at camps@candagamescentre.ca.

Should you need to pick up your child from camp before 4:00pm, please inform the summer camps office in advance by phone or email. As children may be in the pool or off site, getting your child out of camp may cause a delay in your schedule if you arrive unexpectedly. Please note that we are unable to accommodate pickups between 4:00pm-4:15pm.

■ SUMMER CAMP INFORMATION

Late Fees: If a child is not picked up by 5:00pm, there will be a late fee charge of \$15.70/family every 15 minutes or part thereof. Late fees will be billed to your MyRec account. Late fees are billed to cover the cost of the leader's wages to remain with your child. Late fees must be paid within 24 hours for the camper to continue to attend our program. If any child is not picked up by 5:15pm, emergency contacts will be called to pick up the child. Multiple incidents of late pickup without a valid excuse or notification will result in a discussion to determine if our camp's operating hours meet the needs of the family.

What should campers bring?

Please be sure to label all items with your child's full name or initials. Please send the following items daily:

- Indoor, non-marking sneakers. (Children will not be able to participate in activities in the Field House without indoor footwear. Sandals, Crocs, or boots are not appropriate footwear for active games.)
- A water bottle.
- Lunch and snacks (nut-free - please clearly label any homemade items and nut alternatives such as WowButter).
- A bathing suit and towel.
- An extra change of clothing in case of accidents or spills.
- Appropriate outdoor attire depending on the weather.
- Sunscreen with a minimum of SPF30, labeled with first and last name of camper. Please apply sunscreen each morning before your child arrives at camp. They will re-apply sunscreen throughout the day.
- A hat - if children are not properly protected, we cannot spend as much time outside as we may like!

All campers should be dressed appropriately for the weather as we would like to be able to bring children outside as often as possible. As the weather can change dramatically from morning to afternoon, please be sure that your child comes to camps prepared for all types of weather.

What should campers NOT bring:

Campers MUST leave the following items at home for safekeeping:

- Phones/Tablets/Video Games
- Money
- Trading cards (Pokemon, sports, etc.)
- All toys from home (sports balls, stuffed animals, etc.)
- Anything you value and do not want to get lost or others to use

The CGC is not responsible for any lost or stolen items. Please leave all valuables at home.

Camper Expectations

Our summer camps have a zero-tolerance policy for aggressive behaviour, physical contact and bullying. If there are discipline or behavioral problems with a camper, parents/guardians will be contacted. If the issues continue, the camper may be removed from the program.

Health & Safety

Children with obvious symptoms such as fever, diarrhea, vomiting, rash, persistent cough and/or breathing difficulties should be symptom free for 24 hours before attending or returning to camp.

If you are contacted to pick up your child due to behavioural issues or illness, we can accommodate a 30-minute grace period. We understand that many parents/guardians will have to come from work, but please respect that having a child out of their camp with a counsellor impacts the number of counsellors with the remaining children. We suggest having back-up pick-up options available. Please discuss any concerns with the time limit if contacted by staff.

■ SUMMER CAMP PROGRAMS

Counsellor in Training (CIT) Volunteer Program

This program is designed for enthusiastic youth volunteers who are at least 13 years old. It will provide a work-like experience where youth can learn the ins and outs of what life is like as a camp counsellor.

To participate, youth must complete and submit the **application form** found on our website, successfully complete the interview process, and be able to commit to the following **mandatory training session: June 5, 2025, from 5:00pm to 8:00pm**.

Please note that this is a volunteer program and not a camp. Applicants must write and submit their own applications. All communication will be sent directly to volunteers throughout the summer and not through parents/guardians. This is an exciting and popular program and spaces are limited, therefore not all applicants will be accepted.

Applications are due no later than May 3, 2025.

WHO SHOULD BE A CIT?

Our Counsellor In Training program is usually a great fit for youth ages 13 and up who are a little too young to be counsellors and who would like to gain experience working with children. Here are characteristics we look for:

- **Loves Camp**

Did you grow up LOVING camp? It's important that our CITs love the camp environment. CITs should be looking to evolve from being a camper into more of a leadership role, helping to provide an amazing camp experience to the next generation of campers!

- **Looking for Leadership**

Potential CITs are always looking for ways to learn, help and grow as individuals. They understand the importance of helping younger campers and truly care about their experience at camp. They are ready to get involved and want to learn new skills.

- **Connects with Kids**

We are looking for CITs who can provide leadership to and mentor younger campers. CITs should be passionate about working with younger children.

WHAT DO CITs DO?

Throughout the summer, CITs will observe and work alongside our camp counsellors. Here are a couple of examples of activities they may help with:

- Support counsellors in facilitating and supervising activities such as swimming, crafts and active games and help motivate campers to stay engaged
- Assist during snack and lunch breaks
- Provide extra support to campers who are shy and need a buddy
- Help keep a clean camp space

■ INCLUSION PROGRAM

We offer an inclusion program for campers who require extra support due to a physical, medical, behavioral and/or developmental disability. Campers will receive one-on-one support from an Inclusion Counsellor who oversees the camper’s personal and developmental needs, making every effort to include campers in adapted activities and ensuring their overall safety and happiness while in our care.

While we aim to accommodate all participants’ needs, please understand that some needs are beyond our scope of accommodation. Canada Games Centre staff are not qualified to carry out procedures such as catheterization, tube feeding or assisted feeding, suctioning, injections, and/or managing aggressive behaviors. Participants should also be able to use the washroom with minimal assistance. Please note that by not disclosing the needs of a participant prior to registration, we may be required to withdraw the participant from the program.

We have a limited number of spaces available each week throughout the summer. The total number of weeks available to each participant is dependent on how many applications we receive for the program. We will attempt to distribute weeks as evenly as possible amongst eligible applicants.

Once we have confirmed the weeks available for each applicant, we will contact parents/guardians to confirm payment and to arrange a meeting to help support the training needs of staff. We will also discuss the program modifications and behavioral strategies required to ensure a safe and enjoyable experience for the participant.

How do I know if an individual will require extra support? When assessing whether a One-to-One Inclusion Support Person is required, please consider the following:

- Is extra support required at school and/or in the community?
- Is extra help required at home for basic care?
- Is there an existing physical, medical, behavioral, and/or developmental disability that could affect the safety and enjoyment of the participant and/or other participants?

Program Registration: If you are interested in having your child participate in our inclusion program, please register on the waitlist using the registration code below. You will receive an intake package via email within 1 week. The completed application and reference forms must be returned to us by **May 2, 2025** in order to be considered for a space in our program.

Parent & Tot focuses on playful interactions and sharing fun between the child, parent/guardian, and the water. Please register in the appropriate level based on the swimmers age*. Swimmers must be accompanied by just one parent/guardian in the water.

■ PRESCHOOL PROGRAMS

Ages 3-5.5 years old

35 minutes each

Members \$97.92, Non-Members \$130.50

The Swim for Life Preschool Program gives children an early start on learning how to swim. Children 3-5 years old* will start to develop foundational Water Smart® skills and become more comfortable in the water. The Swim for Life Preschool levels are divided by ability and comfort in the water and focus on meeting the child where they are at and teaching them to be a safe, independent swimmer.

**Children must meet minimum age requirements by the start date of the program (the first swim lesson).*

PRESCHOOL 1

Preschool 1 focuses on building confidence in the water independently. Children learn how to get in and out of the water safely without their parent/guardian, jump into chest deep water (assisted by Instructor), and how to put their face in water to blow bubbles. They will also learn floats and glides while wearing a lifejacket/Personal Floatation Device ("PFD").

PRESCHOOL 2

Preschool 2 helps children gain independence while practicing building on the foundation taught at the Preschool 1 level. They will start to jump into chest deep water unassisted and floating/gliding with different buoyant aids. Lateral rollovers and flutter kick on their back will also be practiced.

See chart on page 30 for swim lesson days and times. **PLEASE NOTE:** Online registration codes are now listed in the swim chart.

PRESCHOOL 3

Preschool 3 focuses on children's ability to kick and glide short distances (2-3m) on their front and back. Using games, they will work on retrieving objects from the bottom of the pool (waist-deep water), and continuous work on floats and rolling over. Children will also start to enter deeper water to practice side entries and jumping in with lifejackets/PFDs.

PRESCHOOL 4

Preschool 4 strengthens flutter kicking and children will be introduced to front crawl progressions. They will be introduced to deeper water (where they cannot easily touch) with a lifejacket/PFD and will try jumping in and doing side rolls on their own.

PRESCHOOL 5

Preschool 5 is developed to help prepare children for the Swimmer Programs. They will work on short distance (5m) front crawl and back crawl. They will try forward rolls into deep water wearing a lifejacket/PFD and treading water for 10 seconds. They will also get to practice whip kick (introducing to breaststroke) and interval/fitness training.

SCHOOL-AGED SWIMMER PROGRAMS

The Lifesaving Society's 6-level Swimmer program, and 3 level patrol program makes sure your children learn how to swim before they get in too deep. Swimmer progressions accommodate children 5 years and older* including absolute beginners as well as swimmers who want to build on the basics.

To develop solid swimming strokes and skills, Instructors are trained to focus on repetitive in-water practice. Water Smart® education provides information and experiences that helps participants make smart decisions when in, on and around water and ice.
